Sparkling romance

A STORYBOOK WEDDING AT CASA FELIZ

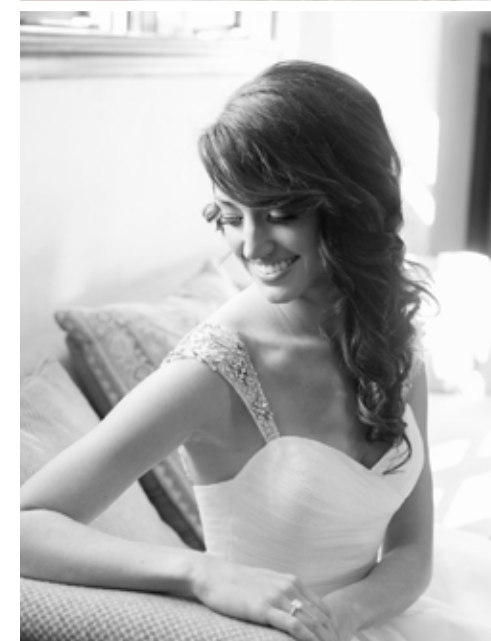

Elena and Eric

ROMANTIC SPARKLE AT CASA FELIZ

When Elena and Eric chose Arthur's Catering of Orlando to bring their wedding to life at Casa Feliz in Winter Park, they dreamed of something elegant & romantic — with a touch of sparkle. With a shimmer here and a glimmer there, the whole affair came together in the most romantic way. Arthur's crafted a mouthwatering menu with delectable Caribbean and Puerto Rican inspired flavors, honoring the bride and groom's heritage. Fresh and tropical flavors were perfectly at home in the Spanish-style farmhouse nestled in a lush tropical garden.

Every detail was perfection...

Above: Sophisticated touches of sparkle from head-to-toe complimented Elena's glow of happiness on her most special day. **Opposite page:** An amazing linen for the head table brought twinkling joy to the sit-down dinner. Touches of pastel pink and teal echoed shades of Casa Feliz's architectural details — creating fairy-tale romance.

Above: Mercury glass trumpet vases filled with pale pink hydrangeas, anemones, and roses combined with teal glass votives made a dramatic and shimmery tabletop. **Opposite:** Arthur's handcrafted classic mojito brought a tropical twist of lime and mint to a memorable afternoon.

The mojito brought a tropical twist of lime and mint

*Sangria with fresh fruit
made the afternoon a delight*

Clockwise from top right: The architectural details of Casa Feliz created a historic backdrop for an enchanting evening. Coconut shrimp, with mango pineapple sauce, made a festive appetizer. Elena's rings sparkled against hand-painted antique tiles. Chicken empanadas with sweet chili sauce gave a little kick to the festivities. **Opposite:** Arthur's legendary homemade sangria with fresh seasonal fruit.

*Island flavors were perfectly
at home at Casa Feliz*

Elena and Eric focused on the happiness of the day while Arthur's took care of all the delicious details.
Opposite: A Caribbean salad, drizzled with a passion fruit vinaigrette, combined island flavors with baby greens, strawberries, mangoes, crumbled gorgonzola, and caramelized pecans.

The perfect moment, surrounded by the ones we love

A filet mignon with chimichurri, served with Yukon Gold mashed potatoes, plantains and roasted asparagus took center stage. **Opposite:** Even the chairs were adorned with just a touch of twinkle and glamour.

Dining with dazzle

The spiral staircase is part of Casa Feliz's unique architectural personality. **Opposite:** Tropical flavors and a touch of silver made the wedding cake a lovely centerpiece. Topped with a cascade of pink fondant ruffle peonies and constructed with pina colada and key lime pie layers, the cake was as flavorful as it was beautiful.
